SUPPLEMENTAL RESPONSE TO ELECTION /RESTRICTION REQUIREMENT

Dear Examiner Smith:

In response to the Office communication mailed July 12, 2006, Applicant provisionally elects claims 23-28, 29, 30, 31, 37, 38, 40-42, 43-45, 46-48, 49 which can be drawn to a plunger comprising a magnetic coupling. The election is made with traverse as Applicant respectfully contends that the search and examination of the entire application can be made without serious burden and requests reconsideration of the requirement.

The Examiner has found that currently claims 23, 29, 30, 31, and 49 are generic. Should any generic claim be allowed, Applicant respectfully requests the Examiner to withdraw the restriction requirement and rejoin any nonelected claims which depend from or includes all the limitations of the allowable generic claim.

Respectfully submitted,
